E-Commerce Web Application - Tech: React.js

- Created a full-stack e-commerce platform using React.js with backend integration for seamless user experience
- Designed product filtering and cart functionality to enhance usability and user interaction
- Ensured frontend with backend services and database, ensuring smooth data flow and performance

EXPERIENCE

ML Intern - Farmercoin Smart Robotic Solutions Pvt. Ltd Jan 2024 – Feb 2025

- Developed end-to-end ML pipelines using **Python, Pandas, and Scikit-learn**, improving workflow efficiency
- Enhanced model performance via hyperparameter tuning, boosting accuracy by **10-15%**
- Maintained version-controlled code using Git, ensuring smooth collaboration and code integrity

Full Stack Developer Intern - CodeMyFYP – IT & Software Solutions Mar 2026 – Apr 2026

- Delivered a full-stack e-commerce application using React.js and backend services to deliver a seamless user experience
- Implemented product browsing, filtering, and cart features to enhance user interaction and usability
- Maintained a responsive UI and integrated backend with database, ensuring smooth performance and data handling

CERTIFICATIONS

- Machine Learning Internship Certificate – Farmercoin (2025)
- Software Development Internship Certificate – CodeMyFYP (2026)
- Basic Computer Applications – LCC Institute (2022)
- Tally Certification (2022)
